Arguments for attacking Iran (or elsewhere;
elsewhere...)

of someone who advocated attacking
Iran

with

Hoss; Edwards;

Friedman?
Porter?

— ~~one who~~ has not been reported or admitted
error (Cheney, Bush (Bushfield?); Hillary?; Kerry?
Pence; Fauci; Adm. Fallon; Bibby; ^{Cheney}
shouldn't be listened to at all
(an ^{arg} subject of foreign policy;
certainly not an attacking argument)

if they're reported — as I did on VN —
listen warily, skeptically — look for a
new record...
